

TUMMY SOOTHE

TUMMY SOOTHE combines ImmunoLin® with N-acetyl-D-glucosamine to support the structure of the cells of the intestinal lining and promote a healthy inflammatory response in the cells of the gastrointestinal (GI) tract.* These ingredients work together to provide support to the intestinal barrier and gut immune health.* ImmunoLin® is a proprietary, protein-based dietary supplement containing more than 50% immunoglobulins to help support digestive function and promote a healthy GI immune system.*

ImmunoLin® contains other compounds that may also support healthy cells in the intestinal lining.* Immunoglobulins may support a normal immune response in the gut.* This may also help promote a normal systemic immune response.* N-acetyl-D-glucosamine supports a balanced immune response.* It also supports a healthy GI lining and intestinal barrier function.* The synergy of the two ingredients provides support to the intestinal barrier and overall gut immune health.*

Benefits OF TUMMY SOOTHE:

- Supports gut health
- Supports healthy intestinal cells
- Supports gut and systemic immune function
- Supports GI barrier integrity

Highlights
